# MESSAGE FROM DIRECTOR'S DESK

## *"Don't Just Adapt Changes, Create It"*

Welcome to M.R. Group of Companies.

In 1984, I dreamed of creating **A ONE STOP SOLUTION** company for any needs for compressed air and M.R. Group of Company was born. Since then me and my team have worked hard towards making this dream come true.

The combination of our market leading brands, wide range of products, years of experience and a company culture has helped MRO to grow from a small company to a global leading brand in Aftermarket Replacement, Equivalent spare and service business.

I attribute the success of this company not only to my team but also to the great partnerships with our customers and vendors.

Innovation has always been a key factor in our way of doing things at MRO. Our unique reverse engineering process has helped MRO to carve a niche market for itself, where we now supply over 40,000 Aftermarket Replacement, Equivalent kits, and parts of over 35 different major air compressor brands. Our exclusive concept of free samples to customers in return of old genuine parts or shared cost of samples creates a win-win situation for both customers and our company.

We are also proud of the fact that we have created an everlasting partnership with our customers that give full commitment, quality services and delivery with speed.

Looking forward to a next many year along with your partnerships.

Warmly  
**Mayur Kamdar**  
(Managing Director)

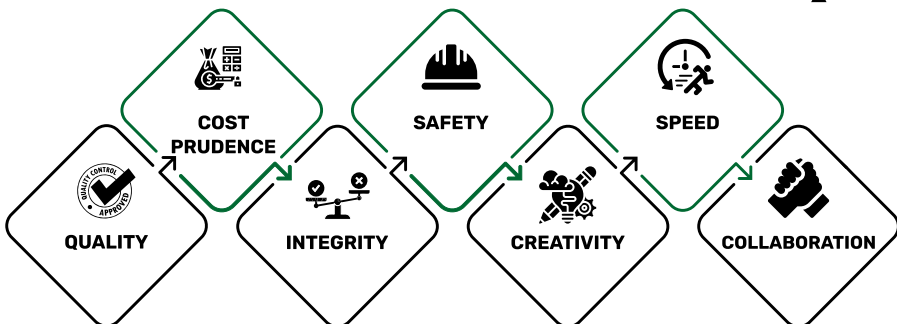

## MISSION

To become the customer's **ONE-STOP SOLUTIONS** provider by providing excellent products, services, and customized solutions for the all air/gas compressor equipment's

## VISION

To be the customer's most trusted partner by providing better uptime for the all air/gas compressor equipment's.

## VALUES

About a three decades ago the organisation was founded by Mr.Mayur Kamdar who committed to create an “ONE STOP SOLUTION” company for all the compressed air needs.MRO is India's largest Independent Compressor spare parts and Service
